

## Focus On ... Psychology

Need to do some research in the psychology domain? Why not try these electronic resources available on [findit.lu](http://findit.lu)?

### ***PsycARTICLES***

[PsycARTICLES](#) is a database of full-text articles from journals published by the American Psychological Association, the APA Educational Publishing Foundation, the Canadian Psychological Association, and Hogrefe Publishing Group.

PsycARTICLES is recognized worldwide as a leading full text source for academic, research and practice literature in psychology and related disciplines. Featuring a continuously growing number of significant and highly regarded periodicals, PsycARTICLES is an unmatched resource for information in behavioural science.

PsycARTICLES can be accessed from within the National Library of Luxembourg, the University of Luxembourg, the Centre de Recherche Gabriel Lippmann, the Centre de Recherche Henri Tudor and the Centre de Recherche Santé.

### ***PsycINFO***

[PsycINFO](#) is an expansive abstracting and indexing database with more than 3 million records devoted to peer-reviewed literature in the behavioural sciences and mental health, making it an ideal discovery and linking tool for scholarly research in a host of disciplines.

PsycINFO covers the professional and academic literature in psychology and related disciplines, including medicine, psychiatry, nursing, sociology, pharmacology, physiology and linguistics.

PsycINFO can be accessed from within the National Library of Luxembourg, the University of Luxembourg, the Centre de Recherche Gabriel Lippmann, the Centre de Recherche Henri Tudor and the Centre de Recherche Santé.

### ***Oxford University Press Journals***

[Oxford Journals](#) is a division of Oxford University Press, which is a department of Oxford University. Oxford Journals publishes well over 230 academic and research journals

covering a broad range of subject areas, two-thirds of which are published in collaboration with learned societies and other international organizations.

Their mission, as part of the University, is to bring the highest quality research to the widest possible audience.

The Oxford Journals Collection can be accessed directly by clicking [here](#) or can be searched directly within the [findit.lu](#) portal. Find out how by clicking [here](#).

## ***Francis***

The [FRANCIS](#) database is created by the Institut de l'Information Scientifique et Technique of the Centre National de la Recherche Scientifique (INIST-CNRS) in Vandoeuvre-les-Nancy, France and is an invaluable resource for research libraries. FRANCIS is a multilingual, multidisciplinary database covering the humanities and social sciences. Its broad subject areas and international scope make it an ideal stand-alone social

science database, as well as a suitable complement for more specialised databases. FRANCIS is strong in areas such as archaeology, geography, linguistics, philosophy, psychology, religion, and sociology. The database contains approximately 2 million records, with abstracts in French or English, and descriptors in both languages, and includes coverage of journals, books, conference papers and other documents.

As for the Oxford Journals Collection, FRANCIS can be accessed directly by clicking [here](#) or can be searched within the [findit.lu](#) portal. Find out how by clicking [here](#).

This has just been a sampling of the principal resources available in Psychology. Click [here](#) for access to the full list of resources.
